

Safety Certificate

_____ has visited the SafeTree Web site
and has learned the following facts about trees and power lines:

- 1.** Electricity can hurt or kill you if you contact it.
- 2.** Electricity travels easily through people and trees.
- 3.** Climbing trees near power lines is dangerous.
- 4.** Trees should be planted where they will not contact power lines.
- 5.** Certified professional tree trimmers are the only people who should trim trees near high-voltage power lines.

Signature of Teacher, Parent or Other Adult: _____
